## ***Gen. Mugisha Muntu speaks out on WBS TV***

Do not believe these people, they are all the same. They are planted by the dictator himself to run against him in order to legitimize the false out come of the elections. This am not saying out of hate but with 100% certainty. I urge all Ugandans not to fall for the Besigye/Muntu trap. Either the boycott the elections or vote for the most serious candidate either way the results are predictable
