**Divide and rule** has been this dictator's method of operation for now 25 years. Museveni has dedicated his entire criminal career to destroying the Buganda kingdom and the whole Baganda generation, which he relied on heavily during his 1980/86 Bush war.

**This tyrant has** redistricted Buganda counties or land in his so far failed effort of erasing this majority tribe off the face of Uganda. Using his spineless cronies like Kimeze to confuse the Baruli/Banyala people, Museveni is determined to continue his anti Baganda crusade.

## **Warning History:**

**Adolf Hitler** of Germany dedicated his entire career to wiping out the Jews from the face of the earth. The world had to unite to rid world of this autocrat, today no one even knows the dictators grave.

**Saddam Husen** of Iraq for over two decades harassed the Iraq Kurds. He denied them equal opportunities in their own country and made them slaves on their own Land. He abused their rights so bad that he even in the 1980s Using his crony known as "chemical Ali" to Gas over 100,000 Kurds to death in a single day!! *But do you remember how Saddam was arrested, where he was found when arrested and how he was hanged for those crimes?*

**Milosevic** of the former Yugoslavia who killed the Serbs almost to extinct, he thought he had absolute power but he died in the Hague jail less than 10yrs ago on genocide charges.

**Mobout Sseseko** of former Zaire now Congo, he spent all his over three decades in power looting and oppressing the Congolees. He even changed the country's maiden name of *Congo* to *Zaire* because he was afraid of the Congolees who are the majority. To Congo has been restored to it's traditional name and the dictator has no grave site in Congo and his children are all wandering the world.

**In the Bible** there was a *Pharoh or king* who once ordered his soldiers to kill all boys born in his Kingdom and there were no exception! He did this because he wanted his reign to last for ever through his blood, it was done as he ordered but he never succeeded because the inevitable happened in the long run.
