Museveni has become a laughing matter if not a joke

Posted by Musa

Wabalongo and Barigye,

This Kaguta's son is already in our history books as one African Dictator who caused the death of more than eight million of unarmed civilians in our great lakes region of East and Central Africa in a span of just less than 10years! (1990 - 1998)

His is forgetting that no man is immortal and by the way at his demise, that is the end of NRM! It will be kaput!

Quote of the day

If the 'answer' to Uganda's problem is still 'Kaguta', THEN the 'question' must be ridiculous!

"THEY [WHO] SEEK TO ESTABLISH SYSTEMS OF GOVERNMENT BASED ON THE REGIMENTATION OF ALL HUMAN...BY A HANDFUL OF INDIVIDUAL RULERS...CALL THIS A NEW ORDER. IT IS NOT NEW AND IT IS NOT ORDER" F.D. Rosevelt.

Good Lord John Nsubuga,

You make me laugh. Your boss Museveni will never lay hands on my daughters, much less deliver them to that lecherous nincompoop Mswati. More likely my daughter will be standing up in court, prosecuting Museveni for genocide, war crimes and crimes against humanity. That is what she has set her entire life on, to narrow the dragnet against Museveni, make it tighter, leave him less and less room for manouvre and eventually put him in the dock where his victims will confront him. My daughter has only two ambitions, to put on trial the people who

murdered her mother in the Philippines and to prosecute Museveni for the atrocities he organised that led to more than 7 million people dead.

No way my daughters would end up with a scoundrel like Mswati.

No way

My friends,

My children have a very clear routine now. They don't take the same bus. They don't take the same route. They mainly have to take the train in London and stop two or three stations away and then walk home. They are never going to give chance to terrorists to attack them. This is the Uganda we are living in where people as far away as in London feel so threatened by Museveni. My daughter in the Philippines got so frightened when her phone was robbed off her when she left hospital in Mindanao that she felt it was actually Museveni who had organised it and just quickly gave the phone to them and run away.

Do you think if Mu7 rig the coming election then the problems of Uganda is going to end? You seriously must be naive if you think so. In fact, the sooner Mu7 rig that election the better!! Because all we want is for the temperature to keep rising. I am sure you understand succinctly what I am driving at here.

So chill mister. Let the oppositions just up their ante for this coming election. Mu7 rigging should not be of any concern. If he rig, the fire shall just keep getting bigger and bigger. Until when the country implodes; and the bigger implosion the better; much impact exactly where it must be.

You get it?

Rehema,

Make no mistake, that is the only way out!

The gourd of bushera is not yet full but it will! Sooner or later

Just Stay put! I muse at how fellows are excited about nothing - shame elections! unfortunately we will be heading a century backwards.

Somalia may be a paradise!

Is it true that Abed Bwanika is being used by state house to spy on Ugandans abroad? Is it also true that there are dockets founded in Uganda and attached to state house whose role is to spy on various groups of people in Uganda? I heard this on radio Munansi today.
