

# Ugandans to the rescue

July 11, 2010

Posted by Musa

Believe it or not this might be the work of the Ugandan's Dictator in his tireless effort of clinging to power, since he sees no chance of winning a free and fair election come next February. He is determined to use whatever method at his disposal to cause instability in the country so that he may announce a state of emergency. We shall bring you all the updates as developments come in.

Help is on the way
