

For those of you who have constantly praised Museveni and commended him on the following: Nation building, Democratic reforms, Justice for all, Anti corruption etc .I challenge you to read and see this below and give me your sincere version

A woman admitted at Kayunga hospital, a look at the inside. These patients have been waiting for over four hours to see a single doctor at the facility! *This is what much M7 has done in 25yrs*

Two of the Kayunga hospital Ambulances. This girl only required an anti biotic treatment to no avail since neither one in her family had \$150. Too bad she died waiting for a Good Samaritan.

These should be treatable diseases but because the Ugandan ruling elites fly their families to Western countries for even a minor physical check up, the poor tax payers die begging for help that never comes.

*But remember Gen. Muhwezi and Cpt. Mukula stole over \$20m from the health ministry and went unpunished! Why and how could they get away with it? **Because they are loyal to Museveni***

Tortured and burned by the notorious so called security agents, in the name of national security. It's now common practice in Uganda .....

Luzira prison: This is hell on earth! Young men and women get all kinds of infections here and rot with no kind of treatment provided by the authorities. Note: over 75% of these victims have never been before a judge. Despite of their hardship conditions, they are forced to work in jail regardless!!

Malnourished, under weight, sick and hopeless they sit and wait for a miracle from above. These are mostly young boys arrested in Kampala under the bogus "**Iddle & disorderly law**" From here they bused from jail to work on the authorities farms with no pay, and then bused back to Luzira prison daily.

**Above;** back in prison after forced labor, sleeping no blanket and not fed. What do you think that boy looking at you thinks? How old is he? Does he eat enough? Has ever been before a judge? Why is he even here? What kind of food is the other one holding? But do you really know their ages?

**Being locked up in Uganda commonwealth prisons for nothing is as easy as buying a pancake. Dying in the Commonwealth prison is as easy as turning on a light switch. Dying of longterm poisoning even short-term is how Genocidal Yoweri Museveni prefers!!**

A complete meal prepared for inmates. This is exactly how prisoners sleep in most Ugandan jails! What bothers me most is the fact that the biggest number of these kids has never seen a judge!

This house is actually at Nakulabye, in the city Center Kampala: **Really M7 has built the nation**
